

## Verse 1

Since we left your side  
Choosing our own way  
We searched for hope in vain

Still in your great mercy  
You rescued us  
Our saviour God you came

Redeemer lamb that was slain

## Chorus

Our one and only Jesus  
The one and only true hope for the world  
Your mercy reaches to all who will call  
The name of Jesus

## Verse 2

There's no hope in beauty  
Or hope in wealth  
Where time and thief destroy

We seek treasures in heaven  
The kingdom of God  
An everlasting joy

In you our hope will remain

## Chorus

## Verse 3

We will share your hope  
Out of hearts renewed  
May every nation hear

Let the thirsty come  
Let the lost be found  
Your Spirit draws them near

To you be glory and praise

## Chorus

## Bridge

You're a gracious God  
Our hope is salvation  
You're a faithful God  
Our hope is eternal  
You're a worthy God  
We give all to you

## Chorus
