

## He Can Turn It Around

### Verse 1

This side of heaven who can  
Hold back the rain  
Through valleys dark and clouded  
We turn toward Him

### Pre Chorus

He's a God of promise He can bring salvation today  
He will mould and shape us in a new and glorious way

### Chorus

He can turn it around He can turn it around  
The darkest hour He can turn to light  
He can turn it around

All the sin and the shame He can take it away  
A future clouded He can turn to light  
He can turn it around

Bring glory today  
Cause He is alive  
The truth and the way

### Verse 2

Refining fire of Glory  
He'll search the heart  
Let us rejoice in trial  
Sing a new song

### Verse 3

Soaring on eagles wings we  
Trust in the Lord  
Running not growing weary  
Strength is renewed
